

COACHES

1. Coaches should wear face coverings over their nose and mouth when within 6-ft. of others (cloth masks preferred). 2. Social distance of at least 6-ft. should be maintained between non-household individuals 3. Bandits should provide hand washing capability or sanitizer to employees and participants. 4. Frequent hand washing by employees, and an adequate supply of soap/ paper towels and/or disinfectant/ hand sanitizer should be available

Minimum guidelines

1. All employees should complete health and safety training related to COVID-19 when initially returning to work. Resources to design a training are posted on the [DCEO Restore Illinois guidelines website](#) 2. Coaches should not report to, or be allowed to remain at, work if sick or symptomatic (with cough, shortness of breath or difficulty breathing, fever of 100.4 degrees or above, chills, muscle pain, headache, sore throat, new loss of taste or smell, or other CDC-identified symptoms), and sick or symptomatic employees should be encouraged to seek a COVID-19 test at a state or local government testing center, healthcare center or other testing locations

Minimum guidelines

1. Sports organizations should make temperature checks available for coaches and encourage their use.

Organizers should post information about the symptoms of COVID-19 in order to allow employees, participants, and spectators to self-assess whether they have any symptoms and should consider going home

2. Bandits should have a wellness screening program. (Resources outlining screening program best practices are posted on the DCEO Restore Illinois

guidelines website)

a. Bandits should conduct in-person screening of coaches upon entry into workplace to verify no presence of COVID-19 symptoms

3. If coaches reports having any COVID-19 related symptoms, they should remain isolated at home for a minimum of 10 days after symptom onset AND until feverless and feeling well (without fever-reducing medication) for at least 24 hours OR confirmed to not have COVID-19 via 2 negative COVID-19 tests in a row, with testing done at least 24 hours apart

4. Before allowing participation in sporting activities, sport organizers or coaches should ask whether participant is currently exhibiting COVID-19 symptoms. If participant does have symptoms, they should wait to enter premises or participate in any sporting activity for a minimum of 10 days after symptom onset OR until feverless and feeling well (without fever- reducing medication) for at least 24 hours OR confirmed to not have COVID-19 via 2 negative COVID-19 tests in a row, with testing done at least 24 hours apart

5. Sport organizers or coaches should maintain attendance log of participants
