

BANDITSlacrosse

FALL LACROSSE UPDATE!

We wanted to reach out and let everyone know our plans for this Fall lacrosse.

YES!!! We are moving forward with planning for a 10 week season for 3rd-8th grades (the 1st & 2nd grade program is still a work in progress). However, with all the challenges that this pandemic brings, planning a sports season goes more slowly and brings with it a whole new set of standards to adopt.

Our regular field vendor, LF College, is doing remote learning this semester and may not be available for our use.

Bummer! Currently, we are waiting to hear back from them, as well as three other vendors, regarding renting field space. Once we have this commitment, we will be well on our way to providing Bandits Lacrosse this fall.

We will be limiting the numbers of players at each practice, so please register as soon as possible. Families with credits from Spring will take first priority for Fall spots. Even if you already registered for Fall lacrosse last spring, please re-register and sign the NEW COVID-19 Waiver in the

application. If everything goes as planned, we are shooting for Monday/Wednesday/Saturdays. We should know more about times next week.

Thank you all for supporting Bandits Lacrosse and, as always, we promise to do our best, to keep your kids safe, to teach them lacrosse, and help them grow and have some fun! We are so excited to get back to Bandits again. Hope to see you all soon. Coach John

NEW SAFETY GUIDELINES: When we take the field again, our first priority will be to keep everyone as safe as we can while your players are at Bandits. We will follow State of Illinois Covid-19 guidelines regarding Youth Sports. Covid-19 Waivers must be signed by a parent before your daughters can participate at Bandits events.

If your daughter or anyone in your home has been recently sick or diagnosed with Covid-19-**YOUR DAUGHTERS MAY NOT ATTEND BANDITS** until everyone is well. Temperatures will be taken before practices-elevated temperature will prohibit your daughter from practicing. Hand sanitizers will be available at practice. We may not have bathroom facilities, so please make sure your daughters take a bathroom break before they leave home. Please have your daughters wash their hands before and after practices. Masks should be worn at pick-up and drop-offs but not during practice. And players should always try to social distance during practice and while at Bandits. We have reduced the length of practice time to help possibly reduce exposure.
